SUMMARY

Hello, I'm a junior full stack developer. I'm finishing my studies and plan to work alongside other talented IT professionals in creating websites to the very highest standards. I like the React library, but also open to new knowledge. During the training I realized 2 individual projects and 2 team projects. I'm result-oriented, open-minded, not afraid of new technologies, languages and hard work.

TECH SKILLS

HTML5

CSS3

JavaScript

React.js

Node.js

Figma

Photoshop

GIT

WebPack

Postman

Trello

PROJECTS

<https://petyhov.github.io/Hellen/> - HTML5, CSS3

Website for English school

<https://petyhov.github.io/weather-APP/> - JavaScript

Website with weather forecast

<https://slim-mom-fe3-vn.netlify.app/> - React.js, Node.js

Calorie control website

WORK EXPERIENCE

"Anshar Group" - head of woodworking department (2016 - 2021)

At my place there were 20 people. I needed to adjust the workflow to 2 shifts, adjust the processes to create a continuous flow of products. Find methods to improve these processes to increase throughput.

EDUCATION

GoIT Academy - Full Stack Developer (2020 - 2021)

Vinnitsia National Technical University - Specialist degree (2008 - 2013)

Faculty of "Technologies and means of telecommunication"

SOFT SKILLS

team-work • problem solving • adaptability

LANGUAGES

English - Intermediate

Ukrainian - native
